## Ashford Yarn Gauge

Directions: Simply wrap your yarn evenly in either the 1 inch (25mm) or 1/2 inch (12.5mm) slot and count the number of threads. Using this table you can determine the approximate gauge of the yarn.

Yarn Type	Wraps per 1 inch
Bulky	5 to 6
Chunky	7
Aran	8
Knitted Worsted	9
Double Knitting	11
Sport	12
4-ply	14
3-ply	16 to 18

We recommend you knit a tension swatch to confirm the measurements.
